ABOUT US

BMB Pumps is a leading electric water pumps manufacturer, established by the Late **Haji Muhammad Anwar** in 1988 in Gujranwala district of Pakistan. The current management team comprises of

Haji Muhammad Shahid Anwar (Chief Executive and Head Research and Development)

Mr. Zubair Shahid (Technical lead and Head Marketing)

Mr. Umair Shahid (Manager Production and Operation)

Mr. Uzair Shahid (Manager Finance)

We specialize in the manufacturing of electric water pumps and electric motors with a diverse range of specifications, to address needs and demands in the industrial, commercial, agricultural and residential domains.

BMB Pumps has more than 31 years of experience in the Pakistani Pumping Industry, and has also established an equally long commitment with its clients. Our products are best recognized as reliable, technically advanced, innovative, modernistic, highly power efficient and incredibly easy to install. Our equipment is widely used, some applications being those in Water Supply Systems, Cooling Systems, Water Circulation Systems, Fire-hazard solutions such as sprinklers, showering and pressurized water supply for high-rise buildings and fire fighting systems, Water Transportation, Farmland Irrigation and Drainage, and other related applications in the Agricultural and Industrial spheres.

We strive to deliver the best products and services to our clients. BMB Pumps has become a widely used and trusted brand all over Pakistan, and we plan to extend our reach soon. We warmly welcome all sorts of inquiries regarding our products, services and business partnerships.

MISSION:

Our mission statement states,

“To provide superior quality, innovative, environment friendly and state-of-the-art products that is best return of our customer values.”

VISION:

Our vision statement states,

“To become a company that is known for its quality products”

BMB Products

Vacuum Self Priming Pumps

Model	Type	Size	HP	Volt
SP-1	Self Priming	1" x 1"	0.50	220
SP-2	Self Priming		0.75	
SP-3	Self Priming		1.00	

SP-3

Jet Pumps

Model	Type	Size	HP	Volt
JP-1	Jet Pump	1" x 1"	1.00	220
JP-2	Jet Pump	1¼" x 1"	1.00	

JP-2

Centrifugal Mono Blocks

Model	Type	Size	HP	Volt
